

CompactFlash Scan Card 5XRx

With Antimicrobial Protection

Data Collection for the Healthcare Professional

CF Scan Card 5XRx with Socket SoMo® 650Rx handheld computer (sold separately)

CF Scan Card 5XRx

Designed for healthcare professionals, the Socket CompactFlash Scan Card 5XRx incorporates antimicrobial materials that provide an extra layer of protection to the product to protect against the multiplication and spread of potentially harmful bacteria and microbes. Delivering superior barcode scanning performance in a CompactFlash (CF) form factor, the CF Scan Card 5XRx is an ideal data collection tool for the most demanding healthcare applications and environments.

Benefits:

- The case plastics are made with an antimicrobial additive to provide an extra layer of protection against the multiplication and spread of potentially harmful bacteria and microbes
- One-handed barcode scanning with a PDA (not included) leaves the other hand free to handle medications or equipment for increased productivity
- Easy integration with applications on Windows-based PDAs or tablet/notebook/desktop computers with a CompactFlash or PC Card slot
- Dependable with low power consumption

Key Features:

- Modular design based on the CompactFlash card form factor enables you to switch or upgrade computers and keep using the same scanner
- Support for 1D and 2D barcodes, including GS1 DataBar, Aztec, Data Matrix, etc.
- Powerful high-density imager effectively reads small barcodes on medications and asset tags
- Socket's VAR and integrator partners provide a full range of healthcare solutions

HARDWARE FEATURES

- Antimicrobial material added to plastics
- 1D and 2D barcode scanning
- Durable card with integrated scanner plugs into CompactFlash (CF) slot with a snug, secure fit
- With CF-to-PC Card adapter, also works in a PC Card (PCMCIA) slot*
- Compatible with computers running:
 - Windows Mobile 2003/2003SE/5.0 for Pocket PC
 - Windows Mobile 6.0/6.1 Classic
 - Windows XP Professional/Tablet PC
 - Windows Vista Business/Ultimate
- One-handed operation with a handheld device improves efficiency by freeing the other hand to handle packages or equipment
- Easy to pack and easy to maintain, with no extra batteries or power adapter required
- Battery Friendly® technology reduces power consumption, maximizing the battery life of your mobile computer
- Great to combine with Socket SoMo® 650Rx handheld computer for a complete antimicrobial solution
- One year warranty

SOFTWARE FEATURES

- SocketScan™ keyboard wedge software enters scanned data into any application — no custom programming needed
- Automatically add prefix and suffix functions, such as carriage return and tab, to further eliminate manual data entry
- Assign a beep tone or .WAV audio file to signify a successful scan
- Easily enable/disable barcode symbologies with SocketScan Symbology Selector utility
- View the properties of any barcode, including symbology, length, and decoded data, for any of the supported symbologies
- Compatible with Windows-based development tools for custom applications
- SDK available to application developers
- Floating Trigger for Windows Mobile puts an icon on your screen that you can tap to trigger the scanner
- No license fee for standard software
- Standard Microsoft Windows installation with standard UI provides ease of use

*PC Card adapter sold separately

CompactFlash Scan Card 5XRx

With Antimicrobial Protection

In the Box:

- CompactFlash Scan Card 5XRx
- Extra rubber collar to fit non SoMo® devices (not shown)
- Installation CD with software and user documentation

SoMo 650Rx

Windows Mobile based handheld computer made with antimicrobial materials.
